## **Aava Dental, Your Union Dentist is Open for Emergencies!**

Aava Dental is a union dental group and is comprised of independently owned dental offices throughout Central and Southern California. We are a group of Unionized dentists who morally believe that taking care of their employees and patients is their number one priority. During these difficult times, our owners and over union employees that work in our facilities are asking “**How can we help our Union Family?**”

We came up with an answer, **The Aava Dental Emergency Network**. This will give our community members a place to go, should a dental emergency occur since most dental facilities will be closed and are not accepting patients at all. This will also help to avoid those dental emergencies from going into our local Hospitals during a time when we need prioritize those services for people who are affected by this pandemic.

- High Quality Dentistry using Quality products
- Locations have agreed to open at least one day a week, some 4-5 days a week to take emergency patients when needed and on call for emergencies that cannot wait.
- All offices are Preferred Providers with most dental plans.
- All offices are small businesses and owned by practicing dentists – Not corporate Dentistry
- All Locations are CDC compliant and offer a safe & clean environment, following ADA Guidelines for COVID19.

**During these difficult times, Aava Dental partnering offices will be offering emergency "palliative" care at no charge for those members that have lost their benefits and are experiencing financial hardship.**

Lastly, Aava Dental is taking additional measures to protect both our patients and staff. Please do not go in if you are not feeling well. They will be taking your temperature and take you to wash you prior to entering the patient area.

To find a location please contact 855-228-2336 or visit [www.aavadental.com](http://www.aavadental.com)
